## ANNEXATION DEBATE

Friends of the Treaty More Confident of Its Ratification.

## MOTION TO DEFER DEFEATED

Senator Platt Favored the Measure From a Commercial Point and Senator White Opposed It With a Constitutional Argument—The Public Debt Statement, Etc.

WASHINGTON, Feb. 2.—The condition in the senate respecting the Hawaiian annexation treaty has greatly improved and the friends of the treaty, including Senator Davis, chairman of the foreign relations committee, are confident that 60 senators, whose votes are necessary for a two-thirds majority, will vote for ratification. Confidence in the changed condition is found in the determination of the friends of ratification to press forward the treaty to a final vote. This feeling was shown when the proceedings of the senate on the treaty in executive session yesterday were opened. Senator Thurston made a motion for the postponement of further consideration of the treaty until the 1st of March. The motion was not discussed at length, and was voted down viva voce.

Senator Platt, (Conn.) opened the debate with a carefully arranged argument in favor of annexation. He spoke for about an hour and a half and dwelt particularly upon the importance of the acquisition of the islands from a commercial point of view. Senator White of California spoke in opposition to the ratification of the treaty. His was in the main a constitutional argument intended to show that the annexation of territory which would require a navy to defend it had been from the beginning opposed to our theory of government. He quoted extensively from the works of Thomas Jefferson to show that he had never contemplated the acquisition of territory situated, as were the Sandwich islands, where a fleet would be necessary to their preservation. This remark did not, however, apply to Cuba which was so near our own coast that no navy would be necessary to its control and protection.

Mr. White read liberal extracts from Mr. Sherman's book in which the secretary dwells upon the wisdom of making the islands a part of the United States and he laid special stress upon the secretary's remarks in the latter part of his book to the effect that he hoped there would be no further effort to annex the islands during his lifetime. Senator White had not concluded his argument when the senate adjourned.

## RECEPTION TO DOLE.

Most Elaborate Entertainment of the Season at the White House.

WASHINGTON, Feb. 2.—The most elaborate entertainment of the present official season marked the welcome of President Dole of Hawaii at the white house last evening. The decorations were extremely beautiful and in the most perfect artistic taste. The party was much too large to be accommodated in the state dining room and the table was laid in the corridor behind the great stained glass screen. The length of the board was occupied by the great golden edged mirror, the traditional accompaniment of so many official dinners, from which rose a peaceful trocha of delicately scented and exquisitely formed orchids, white and purple. A corsage bouquet of the same flowers was at the place of each lady, while each gentleman found by his plate a single white orchid for a boutonniere. The mirrors in the corridor were veiled in smilax and garlands of the same delicate plant shrouded the chandeliers. At each end of the table were large plaques of white hyacinths.

In the east room, President and Mrs. McKinley, Vice President and Mrs. Hobart, the guest of honor, President and Mrs. Dole, and the members of the cabinet received the other guests for a short space before retiring to the table.

## Monthly Debt Statement.

WASHINGTON, Feb. 2.—The monthly statement of the public debt issued yesterday shows that at the close of business Jan. 31 the debt, less cash in the treasury, amounted to \$1,011,701,388, an increase for the month of \$12,589,771. This increase is accounted for by the decrease in the amount of cash on hand.

## House and Senate.

WASHINGTON, Feb. 2.—The house devoted yesterday to the consideration of the District of Columbia appropriation bill. The measure was not completed at the time of adjournment. No business of importance was transacted by the senate in open session.

## TO CURTAIL RACING.

Bill Introduced in the Kentucky Legislature—Has a Poolroom Clause.

LEXINGTON, Ky., Feb. 2.—While the exact reading of Senator Bronston's racing bill is yet unknown to Lexington turfmen, the mere mention that he had introduced in the general assembly at Frankfort a measure which provides for a limit of 15 days per meeting, two meetings on each track each year, and further for the imprisonment in the penitentiary for a term not less than one nor more than five years, of poolroom operators, occasioned much discussion in the places where turfmen resort. The general opinion is that the measure should be adopted, that it will be beneficial to the turf, the cry all along having been "too much racing." Not so, however, with the poolroom clause. Turfmen generally favor the opening of the rooms.

## REFUSED AN INJUNCTION.

Judge Tarvin Says They Should Not Be Granted Indiscriminately.

COVINGTON, Ky., Feb. 2.—Judge Tarvin, who was one of the candidates for elector-at-large in Kentucky on the Bryan ticket in 1896, has handed down a decision in which he refused to grant an injunction to the gas company against the city and in which he took occasion to state that such injunctions should not be granted indiscriminately before the merits of the case are heard. While the labor question was not involved yet the decision was interpreted by some as an attack from the bench on government by injunction.

## RECOVERED HER DIAMONDS.

Hotel Waiter Purloins the Jewels of Mrs. W. L. Kilpatrick.

PHILADELPHIA, Feb. 2.—Mrs. W. L. Kilpatrick, the daughter of Denman Thompson, the actor, has recovered the \$3,000 worth of diamonds which she lost at the Hotel Walton a week ago. Joseph Cleary, a hotel waiter, is under arrest for the theft of the precious stones and the police are now looking for an acquaintance of Cleary who took the diamonds to Baltimore and received \$500 from Mr. Kilpatrick, the reward he had offered for their return.

## NEW ENGLAND STORM

Worst Blizzard Experienced For Many Years In That Section.

## LOSS OF LIFE AND PROPERTY

Boston Was Without a Single Telegraph Wire—Heavy Fall of Snow in New York—Firemen Use Sleighs in Answering Calls—Houses Under the Snow in Maine.

BOSTON, Feb. 2.—A northeast snowstorm which set in Sunday and raged until last evening completely paralyzed all branches of business, and streetcar and steam railroad traffic and for a time shut off the city from communication by wire with all places outside the limits of Boston. The storm was the most severe this city has experienced in 25 years, and cost the loss of several lives, besides doing a money damage of hundreds of thousands of dollars.

The snow clung to the poles and wires, and, aided by a wind blowing at a rate of 50 miles an hour, prostrated all telephone and telegraph lines out of the city. More than half the electric lights of the city were rendered useless, and in the suburban towns the fire alarm service was crippled.

In Newton, broken wires falling across others started fire in the electric room of the elegant residence of Charles J. Travellis, the wealthy Pittsburg steel manufacturer, and in two hours nothing remained of the house but ashes. Mr. Travellis' family escaped in their night clothes without saving anything. The loss amounts to about \$100,000.

The big three masted schooner, Charles T. Briggs, of Bath, Me., coal laden, was lashed to pieces on the Nahant coast and it is believed her crew of eight men perished. The body of one of the crew has been recovered.

Railroad tracks were not only blocked with snow, but masses of broken poles and wires scattered over the roads were encountered at many points. Last night the few trains run were running without a telegraph service.

The city and suburbs are covered with broken poles and tangled wires. Many horses were killed in the streets by stepping upon the ends of telephone wires which had fallen across the trolley wires. Last night the situation assumed such a dangerous aspect that Mayor Quincy ordered that none of the electric lights be turned on except in districts where the wires are underground.

Not a single telegraph wire out of Boston was in operation yesterday, and the telephone wires were in almost as bad condition. Shipping in the harbor was damaged greatly and it is feared that many disasters to coast shipping will be reported when telegraphic communication is restored.

The center of the storm appeared to be in the vicinity of New Bedford, and the brunt of it fell on Boston and territory within a radius of 15 or 20 miles.

## IN NEW YORK.

Snow to the Depth of Two and Three Feet Many Places.

NEW YORK, Feb. 2.—The storm which raged over this and the New England states was the worst experienced in years and many lives have been lost and millions of dollars worth of property destroyed.

Many places in this state as much as two and three feet of snow has fallen, and reports from upstate are to the effect that the blizzard is still raging. It is the worst storm since the memorable one of 1888.

Residents of this city have had to battle their way against a gale of wind that at times swept along at 40 miles an hour and carried sheets of snow with it. There were a dozen or more fires in this city, a smaller number than usual, but the high wind made some of them most dangerous and hard to fight.

For the first time in years the chiefs of battalions responded to alarms in sleighs.

## Houses Snowed Under.

WATERTOWN, Me., Feb. 2.—Small houses have been buried by 20-foot drifts of snow. The Lockwood cottonmills have been closed, the operatives being unable to reach the factory. There has been no train over the Maine Central railroad for 24 hours.

## New Brunswick.

ST. JOHN, N. B., Feb. 2.—The most severe storm in the last 25 years visited this section yesterday shutting out communication in all directions.

## PLANNED A TRAGEDY.

Charles Reynolds Discouraged Over His Wife's Arrest For Larceny.

CHICAGO, Feb. 2.—Charles Reynolds, a laborer, has been arrested for planning a triple tragedy. Discouraged over the arrest of his wife for larceny, he put a bottle of carbolic acid and a note in a basket of food for her. The acid was intercepted by the police. The note, overlooked by them, told the woman to drink the acid at a certain hour, as at that time he would cut the baby's throat and then his own. Mrs. Reynolds told the guards. Policemen, hurrying to Reynolds' home, arrested him instantly. He is in a half-crazed condition. The baby, unharmed, was given to the Humane society.

## THIEVING MESSENGERS.

Been Robbing the Pacific Express Company For Three Years.

SAN ANTONIO, Tex., Feb. 2.—By the arrest of H. M. Seekins and T. E. McCabe, two Pacific Express company messengers here, it is believed one of the most gigantic and systematically conducted railroad robberies of recent years has been revealed. The line of operations of the alleged thieves extended from St. Louis to San Antonio and covered a period of three years. Large quantities of wearing apparel, jewelry and other articles of value which have been missed from trains of passengers between St. Louis and San Antonio were recovered. McCabe made a full confession. Trunks were opened with skeleton keys and small articles of value taken.

## PRETTY GOOD SIZE.

Colored Girl Whose Bust Measure Is Seven Feet Three Inches.

LEXINGTON, Ky., Feb. 2.—A wonder in growth and development is Sallie Moore, a 17-year-old colored girl who lives in this city. Sallie weighs 475 pounds. She was born and reared in Mercer county, and came to Lexington about four months ago with her mother. Her height is five feet four inches. Her bust measurement is seven feet three inches. Around the muscles of her arm the measurement is exactly four feet, and the circumference of her neck is 20½ inches. She is probably the largest colored girl of her age in America. She is fairly well educated and converses freely on all subjects except her size. Of this she is sensitive.

NAUGATUCK, Conn., Feb. 2.—A fire broke out in the fourth story of the reclaiming plant of the United States Rubber company and practically destroyed the entire plant, entailing a loss of more than \$700,000, partly insured. The building was of brick, four stories in height, about 75 feet wide and 400 feet long. It was the largest reclaiming plant in the country and was considered practically fireproof.

## Shipping Cattle to Cuba.

VERA CRUZ, Mex., Feb. 2.—A large number of Mexican cattle are being shipped to Cuba and several more cargoes will soon be sent across to Havana. The cattle are fat and in good condition. It is suggested that Mexico can ship cattle to Brazil in competition with Venezuela and at better profit than by sending them to the United States.

A sickly, fretful baby is a distressful burden to both of the parents. After passing worried and sleepless nights the father is unfitted for business and the mother for her household duties. If a woman will take proper care of herself during the period preceding motherhood, and see to it that the organs that bear the burdens of maternity are kept strong and healthy, her children will be robust and good-natured.

The best medicine for keeping these delicate and important organs in a healthy condition is Dr. Pierce's Favorite Prescription.

Thousands of women have testified to the marvelous action of this remedy. More of it is sold than of all other medicines for the same purpose combined. It acts directly upon the organs involved. It restores health and vigor. It prepares a woman for the duties of motherhood. It insures the health of baby. It makes its advent easy and almost free from pain. Women who use it do not experience the usual discomforts of the period of gestation. It is the most marvelous medicine ever known for wives and mothers. It is the preparation of an eminent and skillful specialist, Dr. R. V. Pierce, who has been for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Women who wish to know more about it should write him.

About six years ago my wife became afflicted with female weakness," writes the Rev. J. J. Coppedge, of Elmo, Kaufman County, Texas. "She could not stand on her feet or get in any position in which she did not suffer great pain. She was naturally a strong woman. I had several physicians to treat her without any permanent relief. She despaired of ever getting better. I saw an advertisement of your 'Favorite Prescription' and spoke to me about it. I got her a bottle of the medicine which she soon found was helping her. She kept on until she had taken six bottles. Since taking the last bottle she has had a moment with the old state. She has not suffered since well nearly twelve months. The Favorite Prescription was all the medicine she took. She is in good health and is very happy."

### Another Mutual Failed.

The Odd Fellows Mutual Aid Association, of Indiana, like the Masonic Mutual Benefit Society has gone to the wall. Many members of both orders in Seymour have paid in large amounts which have gone beyond the hope of recovery. The orders dwindled in number till only a small number of members were left. This is a severe hardship on those who have paid in large amount of money, as most of these have now reached an age when it is impossible for them to re-insure.

### Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Hall's Family Pills are the best.

Chamberlain's Cough Remedy Always Proves Effectual.

There are no better medicines on the market than Chamberlain's. We have used the Cough Remedy when all others failed, and in every instance it proved effectual. Almost daily we hear the virtues of Chamberlain's remedies extolled by those who have used them. This is not an empty puff, paid for at so much a line, but is voluntarily given in good faith, in the hope that suffering humanity may try these remedies and like the writer, be benefited. —From the Glenville (W. Va.) Pathfinder. For sale by C. W. Milhous.

There is a liberal interpolation of specialties, not thrown in at random, as is the case in most farce comedies, but having a coherent connection with the plot. In the company Chas. Eastwood, Lew Spencer, Murphy and Mack, Gertrude Fort, Hang Moore, Carlisle Sisters, Marie Rostetter, Blanche, Gale Steve Ferguson and others. To those that wish to spend a pleasant evening in laughter and fun, of the hilarious kind, it will be well to accept the opportunity of witnessing "McCarthy's Mishaps."

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well informed people will not buy other laxatives, which act for a time, but finally injure the system. ## Miraculous Benefit

RECEIVED FROM

Dr. Miles' New Heart Cure.

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsel Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from catarrh which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee. A first bottle benefits or money refunded. Book on diseases of the heart and nervous free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

### Another Mutual Failed.

The Odd Fellows Mutual Aid Association, of Indiana, like the Masonic Mutual Benefit Society has gone to the wall. Many members of both orders in Seymour have paid in large amounts which have gone beyond the hope of recovery. The orders dwindled in number till only a small number of members were left. This is a severe hardship on those who have paid in large amount of money, as most of these have now reached an age when it is impossible for them to retire.

### The Modern Way

Commends itself to the well-informed to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches, and fevers without unpleasant after effects, use the delightful liquid laxative remedy, Syrup of Figs Made by California Fig Syrup Co.

The honest public sentiment of the people of the United States is unanimously in favor of Dr. Bull's Cough Syrup. The dealers pronounce it to be the only standard cough remedy.

### Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Hall's Family Pills are the best.

Chamberlain's Cough Remedy Always Proves Effectual.

There are no better medicines on the market than Chamberlain's. We have used the Cough Remedy when all others failed, and in every instance it proved effectual. Almost daily we hear the virtues of Chamberlain's remedies extolled by those who have used them. This is not an empty puff, paid for at so much a line, but is voluntarily given in good faith, in the hope that suffering humanity may try these remedies and like the writer, be benefited. —From the Glenville (W. Va.) Pathfinder. For sale by C. W. Milhaus.

"McCarthy's Mishaps" has been entirely reconstructed and is replete with new specialties and innovations. Music has been used largely in constructing the play, and permeates it entirely. There is a liberal interpolation of specialties, not thrown in at random, as is the case in most farce comedies, but having a coherent connection with the plot. In the company Chas. Eastwood, Lew Spencer, Murphy and Mack, Gertrude Fort, Hang Moore, Carlisle Sisters, Marie Rostetter, Blanche, Gale Steve Ferguson and others. To those that wish to spend a pleasant evening in laughter and fun, of the hilarious kind, it will be well to accept the opportunity of witnessing "McCarthy's Mishaps."

Awarded Highest Honors—World's Fair, Gold Medal, Midwinter Fair.

**DR. PRICE'S CREAM BAKING POWDER**

A Pure Grape Cream of Tartar Powder. 40 YEARS THE STANDARD.

C. FENWICK REED.

The large auditorium at the Methodist church was filled last night to hear Evangelist Reed. He delivered a strong sermon on "Self Examination." He has been in evangelistic work for a number of years in the slums of Liverpool, Paris and other great cities of England and France. He is widely known in this state where his work has chiefly been since coming to this country. Great revivals occurred at Shelbyville, Rushville, Martinsville and other places where he has labored. Don't fail to be on hands tonight. Come early. Come with strong faith.

### In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well informed people will not buy other laxatives, which act for a time, but finally injure the system. Buy the genuine, made by the California Fig Syrup Co.

## ANNEXATION DEBATE

Friends of the Treaty More Confident of Its Ratification.

## MOTION TO DEFER DEFEATED

Senator Platt Favored the Measure From a Commercial Point and Senator White Opposed It With a Constitutional Argument—The Public Debt Statement, Etc.

WASHINGTON, Feb. 2.—The condition in the senate respecting the Hawaiian annexation treaty has greatly improved and the friends of the treaty, including Senator Davis, chairman of the foreign relations committee, are confident that 60 senators, whose votes are necessary for a two-thirds majority, will vote for ratification. Confidence in the changed condition is found in the determination of the friends of ratification to press forward the treaty to a final vote. This feeling was shown when the proceedings of the senate on the treaty in executive session yesterday were opened. Senator Thurston made a motion for the postponement of further consideration of the treaty until the 1st of March. The motion was not discussed at length, and was voted down viva voce.

Senator Platt, (Conn.) opened the debate with a carefully arranged argument in favor of annexation. He spoke for about an hour and a half and dwelt particularly upon the importance of the acquisition of the islands from a commercial point of view. Senator White of California spoke in opposition to the ratification of the treaty. His was in the main a constitutional argument intended to show that the annexation of territory which would require a navy to defend it had been from the beginning opposed to our theory of government. He quoted extensively from the works of Thomas Jefferson to show that he had never contemplated the acquisition of territory situated, as were the Sandwich islands, where a fleet would be necessary to their preservation. This remark did not, however, apply to Cuba which was so near our own coast that no navy would be necessary to its control and protection.

Mr. White read liberal extracts from Mr. Sherman's book in which the secretary dwells upon the unwisdom of making the islands a part of the United States and he laid special stress upon the secretary's remarks in the latter part of his book to the effect that he hoped there would be no further effort to annex the islands during his lifetime. Senator White had not concluded his argument when the senate adjourned.

RECEPTION TO DOLE.

Most Elaborate Entertainment of the Season at the White House.

WASHINGTON, Feb. 2.—The most elaborate entertainment of the present official season marked the welcome of President Dole of Hawaii at the white house last evening. The decorations were extremely beautiful and in the most perfect artistic taste. The party was much too large to be accommodated in the state dining room and the table was laid in the corridor behind the great stained glass screen. The length of the board was occupied by the great golden edged mirror, the traditional accompaniment of so many official dinners, from which rose a peaceful trocha of delicately scented and exquisitely formed orchids, white and purple. A corsage bouquet of the same flowers was at the place of each lady, while each gentleman found by his plate a single white orchid for a boutonniere. The mirrors in the corridor were veiled in smilax and garlands of the same delicate plant shrouded the chandeliers. At each end of the table were large plaques of white hyacinths.

In the east room, President and Mrs. McKinley, Vice President and Mrs. Hobart, the guest of honor, President and Mrs. Dole, and the members of the cabinet received the other guests for a short space before retiring to the table.

Pensions Granted.

WASHINGTON, Feb. 2.—Pensions have been granted to the following Indians: Original—Colburn Whitesell, New-castle, \$6. Increase—David V. Sutherland, Medora, \$6 to \$8; William L. Clark, Indianapolis, \$4 to \$8. Original Widows, Etc.—Anna E. Montague, Indianapolis, \$8; Casandria Kahler, Tell City, \$8.

Monthly Debt Statement.

WASHINGTON, Feb. 2.—The monthly statement of the public debt issued yesterday shows that at the close of business Jan. 31 the debt, less cash in the treasury, amounted to \$1,011,701,338, an increase for the month of \$12,589,771. This increase is accounted for by the decrease in the amount of cash on hand.

House and Senate.

WASHINGTON, Feb. 2.—The house devoted yesterday to the consideration of the District of Columbia appropriation bill. The measure was not completed at the time of adjournment. No business of importance was transacted by the senate in open session.

Government Receipts and Expenditures.

WASHINGTON, Feb. 2.—The monthly comparative statement of the government receipts and expenditures shows that for the month of January the receipts aggregated \$37,333,638 and the expenditures \$36,696,711, leaving a surplus for the month of \$636,917.

Treasury Statement.

WASHINGTON, Feb. 2.—A statement of the condition of the United States treasury shows: Available cash balance, \$228,871,786; gold reserve, \$164,386,792.

Postmaster Confirmed.

WASHINGTON, Feb. 2.—The senate yesterday confirmed N. H. Myers as postmaster at Jeffersonville, Ind.

## TO CURTAIL RACING.

Bill Introduced in the Kentucky Legislature—Has a Poolroom Clause.

LEXINGTON, Ky., Feb. 2.—While the exact reading of Senator Bronston's racing bill is yet unknown to Lexington turfmen, the mere mention that he had introduced in the general assembly at Frankfort a measure which provides for a limit of 15 days per meeting, two meetings on each track each year, and further for the imprisonment in the penitentiary for a term not less than one nor more than five years, of poolroom operators, occasioned much discussion in the places where turfmen resort. The general opinion is that the measure should be adopted, that it will be beneficial to the turf, the cry all along having been "too much racing." Not so, however, with the poolroom clause. Turfmen generally favor the opening of the rooms.

## REFUSED AN INJUNCTION.

Judge Tarvin Says They Should Not Be Granted Indiscriminately.

COVINGTON, Ky., Feb. 2.—Judge Tarvin, who was one of the candidates for elector-at-large in Kentucky on the Bryan ticket in 1896, has handed down a decision in which he refused to grant an injunction to the gas company against the city and in which he took occasion to state that such injunctions should not be granted indiscriminately but for the merits of the case as heard. While the labor question was not involved yet the decision was interpreted by some as an attack from the bench on government by injunction.

## RECOVERED HER DIAMONDS.

Hotel Waiter Purloins the Jewels of Mrs. W. L. Kilpatrick.

PHILADELPHIA, Feb. 2.—Mrs. W. L. Kilpatrick, the daughter of Denman Thompson, the actor, has recovered the \$3,000 worth of diamonds which she lost at the Hotel Walton a week ago. Joseph Cleary, a hotel waiter, is under arrest for the theft of the precious stones and the police are now looking for an acquaintance of Cleary who took the diamonds to Baltimore and received \$500 from Mr. Kilpatrick, the reward he had offered for their return.

All went over the embankment. Engineers P. J. Sullivan and George Shirley, of Lexington, jumped, and were seriously injured. Trains were delayed for 17 hours.

## Remarkable Birth Record.

PENSACOLA, Fla., Feb. 2.—One of the most remarkable birth records has occurred near Polk, Ala. Seven years ago Mrs. J. D. Pettis gave birth to three children—two girls and a boy. A few days since she gave birth to four boys, all now living. Two of them weighed 5½ pounds each and the other two 5 pounds each.

PEORIA, Ill., Feb. 2.—Within the past few days hundreds of gallons of spirits have been shipped from Peoria to Japan, to be used in the manufacture of smokeless gunpowder. The spirits play an important part in the process, and local houses have found an excellent market for their goods.

## PLANNED A TRAGEDY.

Charles Reynolds Discouraged Over His Wife's Arrest For Larceny.

CHICAGO, Feb. 2.—Charles Reynolds, a laborer, has been arrested for planning a triple tragedy. Discouraged over the arrest of his wife for larceny, he put a bottle of carbolic acid and a note in a basket of food for her. The acid was intercepted by the police. The note, overlooked by them, told the woman to drink the acid at a certain hour, as at that time he would cut the baby's throat and then his own. Mrs. Reynolds told the guards. Policemen, hurrying to Reynolds' home, arrested him instantly. He is in a half-crazed condition. The baby, unharmed, was given to the humane society.

Weather.

Indiana—Threatening weather with light snow and probably warmer in the northern portions.

Ohio—Threatening weather with light snow on the lakes; slowly rising temperature.

## NEW ENGLAND STORM

Worst Blizzard Experienced For Many Years In That Section.

## LOSS OF LIFE AND PROPERTY

Boston Was Without a Single Telegraph Wire—Heavy Fall of Snow In New York—Firemen Use Sleighs In Answering Calls—Houses Under the Snow In Maine.

BOSTON, Feb. 2.—A northeast snow-storm which set in Sunday and raged until last evening completely paralyzed all branches of business, and streetcar and steam railroad traffic and for a time shut off the city from communication by wire with all places outside the limits of Boston. The storm was the most severe this city has experienced in 25 years, and cost the loss of several lives, besides doing a money damage of hundreds of thousand dollars.

The snow clung to the poles and wires, and aided by a wind blowing at a rate of 50 miles an hour, prostrated all telephone and telegraph lines out of the city. More than half the electric lights of the city were rendered useless, and in the suburban towns the fire alarm service was crippled.

In Newton, broken wires falling across others started fire in the electric room of the elegant residence of Charles J. Travell, the wealthy Pittsburg steel manufacturer, and in two hours nothing remained of the house but ashes. Mr. Travell's family escaped in their night clothes without saving anything. The loss amounts to about \$100,000.

The big three masted schooner, Charles T. Briggs, of Bath, Me., coal laden, was lashed to pieces on the Nahant coast and it is believed her crew of eight men perished. The body of one of the crew has been recovered.

Railroad tracks were not only blocked with snow, but masses of broken poles and wires scattered over the roads were encountered at many points. Last night the few trains run were running without a telegraph service.

The city and suburbs are covered with broken poles and tangled wires. Many horses were killed in the streets by stepping upon the ends of telephone wires which had fallen across the trolley wires. Last night the situation assumed such a dangerous aspect that Mayor Quincy ordered that none of the electric lights be turned on except in districts where the wires are underground.

Not a single telegraph wire out of Boston was in operation yesterday, and the telephone wires were in almost as bad condition. Shipping in the harbor was damaged greatly and it is feared that many disasters to coast shipping will be reported when telegraphic communication is restored.

The center of the storm appeared to be in the vicinity of New Bedford, and the brunt of it fell on Boston and territory within a radius of 15 or 20 miles.

## IN NEW YORK.

Snow to the Depth of Two and Three Feet Many Places.

NEW YORK, Feb. 2.—The storm which raged over this and the New England states was the worst experienced in years and many lives have been lost and millions of dollars worth of property destroyed.

Many places in this state as much as two and three feet of snow has fallen, and reports from up state are to the effect that the blizzard is still raging. It is the worst storm since the memorable one of 1888.

Residents of this city have had to battle their way against a gale of wind that at times swept along at 40 miles an hour and carried sheets of snow with it. There were a dozen or more fires in this city, a smaller number than usual, but the high wind made some of them most dangerous and hard to fight.

For the first time in years the chiefs of battalions responded to alarms in sleighs.

## Houses Snowed Under.

WATERVILLE, Me., Feb. 2.—Small houses have been buried by 20-foot drifts of snow. The Lockwood cottonmills have been closed, the operatives being unable to reach the factory. There has been no train over the Maine Central railroad for 24 hours.

## New Brunswick.

ST. JOHN, N. B., Feb. 2.—The most severe storm in the last 25 years visited this section yesterday shutting out communication in all directions.

## Miraculous Benefit

RECEIVED FROM  
Dr. Miles' New Heart Cure.

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsell Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from catarrh which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, free bottle benefits or money refunded. Book on diseases of the heart and nervous force. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

of a group of family men in the smoker

of a suburban car.

"Yes," answered another one, with a

shrug of his shoulders, "especially when

they all want new gowns at the same

time."

"I wasn't thinking of that," said the

first speaker, "but of a way they have

of taking the wind out of your own

sails. It never occurred to me until the

other morning that it was not to see me

that young fellows kept dropping in to

play cards and make themselves agree-

able. I tumbled at last, but it was my

hunting dog Jack that opened my eyes."

"Your hunting dog?" echoed the crowd.

"Yes. I had heard of nearly every

kind of a plan for the communication

of lovers except a dog. In this case

Jack became Cupid's messenger. Those

boys borrowed the dog ostensibly to go

hunting, but I have learned since that

they didn't know a gun from a hoe handle.

They tied Jack up overnight, and as

soon as he got out in the morning he

made a bee line for home. If I hadn't

seen the corner of a paper sticking from

under his collar I should never have

suspected the eagerness with which

these girls tried to head him off from

me."

"He had a letter for them?"

"No, just a note asking the privilege

of seeing dear Miss Kate or Miss Sue

in the park for a walk and a chat. Nice

idea, employing the dog of the family

in a clandestine correspondence! I an-

swered that note myself, and the two

girls haven't spoken to me since. Jack

is tied up, and I'm watching the cat

now, for I have no doubt they'll find a

way to circumvent me."—Chicago

## THE GREENSBURG CONVENTION.

The convention at Greensburg Tues-

day indicates that the republicans of

the Fourth district do not look upon

1898 as an "off year." From every

county in the district came active hard

working republicans who are entering

into the campaign this year with a zeal

and a determination that means suc-

cess. They report that the people have

no regrets because of the election of

Major McKinley. All branches indus-

try are recovering from the effects of

the late democratic administration and

the people are more prosperous than

they have been since the democrats

assumed control of the government in

1893. These things being true there is

no reason why the republicans should

not succeed in 1898.

The convention was harmonious in

every respect. There was a spirit of

good feeling and good humor prevailing

that is seldom surpassed at a conven-

tion. The speeches before the conven-

tion were timely and quite generously

applauded. Hon. O. H. Montgomery,

the permanent chairman of the con-

vention, made a most happy speech.

His "heep good Injun" story with the

application brought down the house.

Governor Canback as he always

does, made an excellent, though brief

speech. Frank Shattis talked well for

a few minutes.

The chief feature of the convention

was the election of Thomas McNutt

district chairman. He was chosen

unanimously by acclamation.

Mr. McNutt's home is at Madison

and he is the present recorder of Jef-

ferson county. He served through the

campaign of 1896 as county chairman

and proved himself an excellent organ-

izer and a safe leader. He was re-

lected without opposition a few days

ago.

His choice as district chairman is a

good one. He is a true and tried

republican and will render intelligent

and efficient service to the party in the

coming campaign.

## RESOLUTIONS.

The Republicans of the Fourth Con-

gressional district of Indiana, in con-

vention assembled, reaffirm the princi-

ples and doctrines enunciated in the

national platform adopted by the re-

publican party at St. Louis in 1896.

We heartily commend the wise, eco-

nomie and business like administration

of the affairs of the state of Indiana

by our present republican state offi-

cials.

We especially declare our faith in the

wisdom of maintaining the gold dollar

as the measure of value and the basis

of all reform in our currency.

We applaud the action of the House

of Representatives upon the Teller res-

olution and deplore the passage of the

same by the senate of the United

States.

We commend the patriotic adminis-

tration of our wise president, William

McKinley, and likewise take especial

pride in the ability, statesmanship and

increasing usefulness of Indiana's re-

publican senator, Charles W. Fairbanks.

We favor the highest efficiency in all

departments of public service. No one

should receive an appointment unless

by natural ability, education and char-

acter he is fitted to discharge the duties</

### Another Mutual Failed.

The Odd Fellows Mutual Aid Association, of Indiana, like the Masonic Mutual Benefit Society has gone to the wall. Many members of both orders in Seymour have paid in large amounts which have gone beyond the hope of recovery. The orders dwindled in number till only a small number of members were left. This is a severe hardship on those who have paid in large amount of money, as most of these have now reached an age when it is impossible for them to retire.

### The Modern Way

Commends itself to the well-informed to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches, and fevers without unpleasant after effects, use the delightful liquid laxative remedy, Syrup of Figs Made by California Fig Syrup Co.

### Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Hall's Family Pills are the best.

There is a liberal interpolation of specialties, not thrown in at random, as is the case in most farce comedies, but having a coherent connection with the plot. In the company Chas. Eastwood, Lew Spencer, Murphy and Mack, Gertrude Fort, Hang Moore, Carlisle Sisters, Marie Rostetter, Blanche, Gale Steve Ferguson and others. To those that wish to spend a pleasant evening in laughter and fun, of the hilarious kind, it will be well to accept the opportunity of witnessing "McCarthy's Mishaps."

### HOW TO ESCAPE COLDS.

Not by Coddling, but by Becoming Able to Endure Necessary Exposure.

It is not always sufficient to point out a danger. It is often of even greater importance to show how the danger may be averted. Most people properly recognize a cold as avoidable and think they are greatly to be commended for the prudence they exercise in protecting themselves, but if they did but know it they are really doing all they can to make themselves susceptible to colds by weakening their resisting powers.

A German professor once wrote a long treatise, with a learned title, on how to avoid catching cold. After tracing the history of colds from the earliest ages, studying their causes and symptoms and cataloging the remedies which have been used by the most eminent physicians of all times he concluded with a short chapter on prevention.

His plan was to insure the back of the neck to drafts by having some one direct a current of air upon it from a bellows three times a day.

The writer had the correct idea, although his practical application was clumsy and he was a long time in reaching it. The best and only way to escape colds is to meet the causes that produce them and not to run from them. Let the body be hardened by a cold sponge bath or even a cold plunge, followed by brisk rubbing with a "scratchy" towel, every morning. Let the clothing be adapted to the season, though always as light as possible, but keep the neck uncovered—no turned up coat collar, no muffler, no hat. Never let the temperature in the house rise above 70 degrees in the winter. Air every room systematically every day, no matter what the outdoor temperature may be. Always have fresh air in the bedroom. There is nothing poisonous in "night air," popular belief to the contrary notwithstanding.

In a word, don't be always afraid of catching cold, don't coddle, but meet cold and wet and changes of temperature like a man, or rather like a horse, and you will then run a better chance of being as strong as a horse.

Of course you must strengthen your armor where it is weak, but if you recognize in yourself a weak place, a "cold spot," don't cover it up with more clothes, but toughen it and toughen your entire body until it is one homogeneous resistant whole.—"Youth's Companion."

### Dupin and the Epigram.

Dupin's belief in the omnipotence of epigram as a moral veneer for political as well as other immorality was to a great extent justified by his thorough knowledge of and his supreme contempt for the majority of his countrymen, and especially for those actively engaged in politics. He knew that in France one well delivered epigram is sufficient to start a man on a prosperous career, sufficient to hurl the man at whom it is leveled from the pedestal he has climbed with infinite trouble and perseverance. And, seeing that he had not his equal in the faculty for coining them, not even in Talleyrand, that peer in his grave respect, Rivaroli, had been in his grave since the beginning of the century, Dupin had never been very sparing of them. From that moment, however, he began to sow his light under a bushel, for modesty was not Dupin's besetting sin. Rather than plead and not be reported he refused to plead at all, which, in fact, he did when asked to defend Bergeron a third time. Of course he did not say his dupe, because every one was aware that, as an exceptional measure, the government intended to exclude reporters from the trial.—"Van Dam's Undercurrents of the Second Empire."

### ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

### CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness of this offer.

### Queen Victoria's Wedding Cakes.

Germans are puzzled considerably by the wedding cakes which Queen Victoria sends to royal palaces. The cakes seem to be of ordinary fruit cakes, of the same general composition as the ones seen at most English and American weddings, out their composition, solidity, weight and appearance are matters of uncommon interest to the editors of German journals as well as the people at large.

To the recent wedding in Coburg the queen sent a cake which the editor of the Gotha Gazette studied deeply in order that he might enlighten the anxious readers of his newspaper. He found that its diameter at the base was 8 feet 4 inches and at the top 8 feet. Its height was 8 feet 6 inches. It weighed 135 pounds, or 25 less than the cake her majesty sent to the wedding of the Princess Marie of Edinburgh several years ago. The editor explains that the density of the cake was remarkable—so remarkable, in fact, that a knife could not prevail against it, and a saw must be used to divide off the sections distributed among the guests.

The cake had been iced heavily in England, but its journey by sea and land from London to Coburg shook it up so thoroughly that most of the icing was in fragments at the end of the trip, and the cake was sent to a Coburg confectioner for repairs. Before the cake was saved up it was displayed, with its top piece of artificial orange blossoms, among the presents of the princely couple.—New York Sun.

### LINCOLN'S CHIDING.

His Gentle Reproof In Reply to General Hunter's Ugly Letter.

Another remarkable evidence of the great kindness of heart of Abraham Lincoln has been brought to light in the form of a long lost letter which the martyred president wrote to General Daniel Hunter in 1861.

General Hunter was in command of the department of Kansas at the time this particular letter was written. It seems he considered himself dishonored by an appointment to the rather obscure military post, and he wrote to the president protesting against it. Lincoln's characteristic reply was as follows:

EXECUTIVE MANSION, WASHINGTON, Dec. 31, 1861. Major General Hunter:

DEAR SIR—Yours of the 24th is received, and I am constrained to say it is difficult to answer so early a letter in good temper. I am, as you intimate, losing much of the great confidence I placed in you, not from any act or commission of yours touching the public service up to the time you were sent to Leavenworth, but from the flood of grumbling dispatches and letters I have seen from you since. I know you were being ordered to Leavenworth at the time it was done, and I aver that, with regard to your honor and your sensibilities I had for my own, it never occurred to me that you were being "humiliated, insulted and disgraced," nor have I up to this time heard any intimation that you have so wronged yourself from any one but yourself. No one has blamed you for the retrograde movement from Springfield, nor for the information you gave General Cameron, and this you could readily understand if it were not for your unwarranted assumption that the ordering to Leavenworth must necessarily have been done as a punishment for some fault. I thought then, and I think yet, the position assigned to you is responsible and as honorable as that assigned to Bull—knowing that General McClellan expected more important results from it. My impression is that at the time you were assigned to the new western department it had not been determined to replace General Sherman in Kentucky, but of this I am not certain, because the idea that a command in Kentucky was very desirable, and one in the farther west undesirable, had never occurred to me. You constantly speak of being placed in command of only 5,000. Now, tell me, is not this mere impatience? Have you not known all the while that you are to command four or five times that many?

I have been and am sincerely your friend, and if as such I dare to make a suggestion I would say you are adopting the best possible way to ruin yourself. "Get well, get out, get on." He who does something at the head of one regiment will discipline him who does nothing at the head of 10. Your friend as ever, A. LINCOLN.

Nothing could have been better calculated to allay the feelings of personal wrong which must have possessed Hunter at the time. That he thought so himself is shown by the following words, written by the dissatisfied general on the big yellow envelope in which the letter had been sent:

"The president's reply to my 'ugly letter.' This lay on his table a month after it was written, and when finally sent was by a special conveyance, with the direction that it was to be given to me when I was in a good humor."—New York Sun
